BREAKFAST BOARDS

23,3 X 14,3 CM

article number: 12-000

material: HPL RICOLOR®-layer material plate approximately 2mm highly polished surface, wear and acid resistant, waterproof, pressure and heat resilient, applies to food hygiene standards and is dishwasher proof.

Our breakfast boards are available in variable sizes.

1 | THE CLASSIC ... OUR STANDARD FORMAT

the most important and prided product is the breakfast board. Every year over 3 Mio. items with hundreds of designs leave our factory. Besides high quality and uniqueness of our trademark using layered linen backing we are recognized to produce quality to the highest standard by market leaders.

CUTTING BOARDS FOR MARKETING

Our boards are an ideal marketing tool and an ideal gift or for promoting new products.

CUTTING BOARDS THE PERFECT PRESENT

Cool slogans, holiday pictures or celebrating a birthday are equally in demand.

PERSONALIZED CUTTING BOARDS

Your design can be tailored to your specific needs.

2 | DESIGN ELEMENT CUTTING BOARD 30 X 19 CM

WOULD YOU LIKE A LARGER FORMAT?

Would you like a larger format?

Do you want to cut bread, meat, fruit or vegetables? Then R. cutting boards are exactly what you need.

The cutting board is predominantly cutting proof (very sharp knives can leave marks on the surface) and are cleaned easily due to its smooth surface texture.

CUTTING AND MARKETING ON A LARGE SCALE

The dimensions of 30x19cm leave enough space to cut and market your message at the same time.

HIGH POLISHED ANTIBACTERIAL

the highly polished and sealed surface acts antibacterial and as a barrier against food remains.

THE PERFECT DESIGN ELEMENT

every design or image can adapt to your kitchen environment. Design element or kitchen helper. The choice is yours!

IMPROVED CUTTING ...the original RICOLOR® cutting board

iiyama 4K-Displays: Japanische Schärfe bei bluechip!

PACKAGING

Single packaging (sealed in PE-foil) with a knife, a separate flyer or individualized backing label are possible.

article number: 21-000

Material:

HPL RICOLOR®-layer material plate approximately 2mm highly polished surface, wear and acid resistant, waterproof, pressure and heat resilient, applies to food hygiene standards and is dishwasher proof.

HEAT RESISTANT

3 | PAN AND GLAS COASTERS

...FOR SURFACE PROTECTION

OUR COASTERS

The Ricolor®-coasters are ideal to protect your tabletop from scratches and heat damage.

They are wear, acid and heat resistant up to 150 °C. Hot pans, cups and glasses can be placed on the coasters at ease.

INDIVIDUAL PERSONALIZATION

... with unique design possibilities

PERSONALIZING OF NAMES

„Hello Mr. Smith“

Address your clients personally. This could be a birthday greeting to a colleague or friend or a thank you gift for your business partners and clients.

INDIVIDUAL COMPANY LOGOS

London, Oxford, Cambridge...

No matter if bakery, butcher, supermarket or bank. There are endless possibilities to place company logos or business contact details on to your chosen background.

FAN AND COLLECTORS BOARDS

New this season 2019/20

Surely you remember autograph cards but their valence is questionable. Why not invest in quality and durability? These boards are destined to be collectables.

LIMITED EDITIONS

1-2-3-4-5-6-7-8-9.....9999

Numbering our articles should be considered to highlight the uniqueness of a limited edition.

VARIABLE DATA PROCESSING

... that's how we do it.

address your clients personally

XLS & CVS FORMAT, FONTS

To process your data we need a CSV or XLS file from you.

The specifications on how to structure these can be obtained from us.

No matter if its to clarify birthdates, names or company addresses. Should you need a specific font you would also need to supply this.

IMAGE DATA

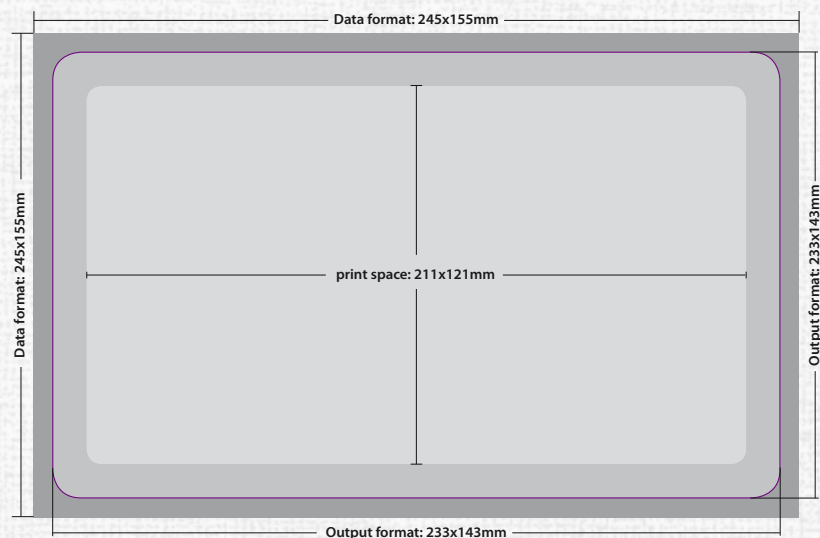

Would you like exchangeable images or your logo the image should ideally have an image resolution of 300 dpi (dots per inch)

File formats include PDF, EPS, TIFF, PNG or high resolution JPEG and can be processed easily.

We can offer our service to support the planning of your project.

STANDARD BOARDS - 23,3 X 14,3 CM

...(24,5 x 15,5 cm)

**data format- 245x155 mm**

Your printing data should have this format and include a 6mm cutting margin on all sides. This addition will be removed during production and will avoid unprinted areas on your product. Please layout and adjust your background and bled-off objects to the data format.

print space- 10 mm

The print space has a 10mm margin to the output format. Important content should be placed in this area. All content will not be cut off in those areas.

output format - 233x143 mm

The format of your finished products.

General information for print processing

- Resolution: min.300dpi
- File format: printable PDF (Fonts in Vectors, linked elements integrated, transparencies reduced, no printing symbols), TIFF, JPEG, PSD
- Colour mode: CMKY (RGB-data will be converted into CMKY colour by us)
- Profile: ISO coated V2 (ECI)
- Fonts: Font sizes should not be smaller than 8PT (in inches angeben) to be read

MANUFACTURING TIME

...from receiving your order to delivery
